Cañon City High School

Tiger Family,

As we reflect on this year, it's appropriate to celebrate the accomplishments of the Class of 2024. They have been tremendous leaders, doers, and friends to each other and the rest of the school.

Wow! Please take a moment to peruse these lists and think about the individual student and what these accomplishments will mean to their lives in the next few years and beyond. They have worked hard and endured to achieve. The Tiger staff has provided the opportunity. Many more students have earned dozens of credits toward a degree of industry-standard certifications to be used in their chosen career fields.

These exceptional students from the Class of 2024 will be receiving their associate degrees from PCC. Let's all join in to congratulate them on this significant milestone in their academic journey.

Emily Buchanan - Associate of General Studies and Associate of Science

Morgan Carter - Associate of Applied Science - Auto
